

2014 Healthy Kids, Healthy Families[®] Programs

Organization	Project Title	Program Summary
Abrazos Family Support Services Bernalillo, NM http://www.abrazosnm.org/	Toddler Movement Class	Abrazos' Toddler Movement Classes support the physical and overall development of young children with developmental delays and/or disabilities. Their parents learn about age-appropriate physical activities, and more importantly, how to adapt activities so their child can participate, as well as learning the benefits of enrolling their child in activities offered within the community, thus supporting the physical and emotional health of the special needs child and that child's family.
ACTIVE Life, Inc. Austin, TX http://www.activelifehq.org	IT'S TIME TEXAS: Moving the Needle in Child and Family Health	IT'S TIME TEXAS will enhance and expand its myriad initiatives, programs, and resources that are focused on the goals that align perfectly with the Healthy Kids, Healthy Families Initiative. The end goal of the aforementioned actions is to create healthier kids and families by making healthy the norm throughout the state via a grassroots health movement dedicated to building healthier communities.
Active Transportation Alliance Chicago, IL http://www.activetrans.org	School Active Transportation Project	The School Active Transportation Project will increase student health, both through curricular programming with high levels of physical activity and by teaching students biking and walking safety skills. Additionally, in target schools, we will provide encouragement activities and initiatives that will increase physical activity through more students participating in walking and biking.
Alliance for Women and Children Abilene, TX http://www.allianceforwomenandchildren.org	Sports Activity Coordinators and Safety Grant	The Alliance for Women and Children will provide physical activity, wellness, and safety to approximately 1,000 elementary school students in the Abilene area during the 2014-15 school year. The program is "Always Serving Children" by guiding children on their journey to discovering their unique potential, while supporting their basic learning needs.
Alzheimer's Association Tulsa, OK http://alz.org	Physician Outreach and Referral	The Physician Outreach and Referral program seeks to build more -- and better -- relationships with physicians throughout Oklahoma, educating them about the disease and increasing referrals to the Alzheimer's Association.
American Diabetes Association Inc. Chicago, IL http://www.diabetes.org	2014-Diabetes Summer Camp and Community Outreach Programs: Live Empowered and Por tu Familia	The American Diabetes Association promotes proper diabetes management, increased health literacy, decreased occurrence of diabetes in high-risk communities, proper nutrition and increased physical activity in the African American and Latino communities, as well as providing a fun, medically safe camp program to hundreds of children with diabetes.
American Diabetes Association Dallas, TX http://www.diabetes.org	Por Tu Familia (For Your Family)	Por Tu Familia is a culturally specific program designed to educate the Latino community about the prevention of diabetes. The program will host various events -- from educational workshops to health fairs -- in order to reach 224,000 Latinos, or 11% of Latinos in the Dallas/Fort Worth area.
American Lung Association of the Upper Midwest Springfield, IL http://www.lungum.org	Enhancing care for children with asthma in Illinois, New Mexico, Oklahoma and Texas	The partnership has spanned three years and engaged 70 health centers that serve high-risk populations, with the goal of improving pediatric asthma care to an estimated 480,000 children with asthma and their caregivers, community leaders and educators, resulting in improved long-term care outcomes.
Angelic Organics Learning Center Inc. Caledonia, IL http://www.learnrowconnect.org	2014-Roots & Wings Urban Agriculture and Youth Development Program	The Roots & Wings Youth Leadership and Urban Agriculture Program of Angelic Organics Learning Center will empower youths and adults in Rockford to live healthier lives. The program will engage over 200 youths and adults in experiential education programs that promote nutrition, active lifestyles, diet-related disease prevention, and safe environments through urban farms and gardens.
APhA-ASP Texas A&M Rangel College of Pharmacy Kingsville, TX http://pharmacy.tamhsc.edu/	Project SHINE	The Texas A&M Rangel College of Pharmacy's APhA-ASP committee will continue to expand its successful community service project called Project SHINE. This is an interactive, inter-professional health clinic, delivering outreach and services to indigent populations in the Rio Grande Valley while also providing hands-on patient care experience and professional collaboration for students in the health professions.
Asian Health Coalition of Illinois Chicago, IL http://www.asianhealth.org	Community Health Workers Phase 2: Asset Building for Asian Immigrant & Refugee Communities	This grant supports the first evidence-based Community Health Worker training (CHW) program to implement Diabetes Self-Management Practices (DSMP) among at-risk limited English-proficient and low-income Asian communities in Illinois.

Assistance Dogs of The West Santa Fe, NM http://www.assistedogsofthewest.org	Training and Placement of Courthouse Dogs in New Mexico Judicial Systems	Assistance Dogs of the West's Courthouse Dog program places trained courthouse dogs in New Mexico's judicial system. Funds are used to purchase, raise and train courthouse dog candidates and support the interview and client training process for criminal justice professionals and associated staff.
Association House of Chicago Chicago, IL http://www.associationhouse.org	Healthy Children and Families Initiative	The Healthy Children and Families Initiative operates programming within a culturally competent, age-appropriate context featuring health and nutrition education, hands-on learning for children, opportunities for regular physical activity and access to health and wellness resources such as counseling, health screenings and preventive and intervention-based services.
AVANCE, Inc. Las Cruces, NM http://www.avance.org	Nino Sanos-Futuros Brillantes (Healthy Children-Bright Futures)	AVANCE-NM targets the hardest-to-reach families who face multiple barriers to success that go beyond poverty and illiteracy -- particularly those living in the substandard conditions of the colonias. By providing parenting education and a strong support system, AVANCE aims to empower parents to provide the best possible home environment for their child, practice nurturing parenting styles and break free from the binds of poverty and isolation.
AVANCE-Waco Waco, TX http://www.avancewaco.org	Parent Child Education Program	The AVANCE Parent-Child Education Program is a robust, two-generation approach to strengthening families through education related to childhood development, health and wellness, nutrition and literacy. Through experiential and classroom learning, parents gain the skills to help build healthy, safe home environments where their children can grow and learn and thrive. AVANCE helps families embrace education as the way to break the cycle of poverty.
Betty Shabazz International Charter School Chicago, IL http://www.bsics.net	EAT! MOVE! LIVE! Program	Our EAT! MOVE! LIVE! Program will provide students with education on nutrition, healthy meals and snacks throughout the school day, access to hands-on learning in our school garden and increased physical activity with the addition of HOPSports to our PE curriculum.
Bexar County Community Health Collaborative San Antonio, TX http://www.healthcollaborative.net	Project Measure Up: Fitness, Nutrition, Health and Wellness for Families and Children	The Project Measure Up: Fitness, Nutrition, Health and Wellness for Families and Children program supports Free Family Fitness as a youth and family obesity intervention strategy. There are three components to the strategy -- fitness, nutrition education and linking families to community resources.
Board Of Trustees Of Southern Illinois University Springfield, IL http://www.siumed.edu	Springfield Collaborative for Active Child Health	The Springfield Collaborative for Active Child Health is a community-based organization that promotes prevention and treatment of excess weight and obesity in Springfield children. Funding supports the Collaborative, which is an active group of academic, community, school and government entities and primary care providers.
Boys & Girls Club Of Danville Danville, IL http://www.bgcdnv.org/	PowerFull	This program aims to combat childhood obesity and nutritional deficiencies by teaching children that healthy food can be tasty and by providing them quality meals and snacks. The program teaches how good eating habits can provide lifelong benefits of good health and wellness.
Boys and Girls Club of Las Cruces Las Cruces, NM http://boysandgirlsclubc.org	Triple Play	The Triple Play Program aims to improve Boys & Girls Club members' knowledge of healthy habits, good nutrition and physical fitness; increase the number of hours per day they participate in physical activities; and strengthen their ability to interact positively with others and engage in healthy relationships.
Bridge Teen Center Nfp Orland Park, IL http://www.thebridgeteencenter.org	Healthy Living Programs for Teens	The Bridge Teen Center's Healthy Living Programs are designed to help teens develop and maintain healthy minds and bodies and to promote overall wellness. Our Healthy Living Programs are "beginner" programs designed specifically for teens to increase self-image, provide outlets for stress, and educate students about making better dietary choices.
By The Hand Club For Kids Chicago, IL http://www.bythehand.org	Health and Wellness Initiative	At By The Hand, we have a strong academic emphasis and focus on mentoring while meeting the needs of our kids holistically -- mind, body and soul. Through our Health and Wellness Initiative, we seek to ensure that each kid has a healthy and nutritious diet, medical coverage and consistent eye and dental exams.
CAN DO Houston Houston, TX http://www.candohouston.org	CAN DO Houston: Expanding Sustainable Solutions to Community Health	CAN DO Houston will continue our initiatives to promote healthy eating and active living in five Houston neighborhoods that are predominantly minority, low income, and facing major environmental barriers to adopting a healthy lifestyle. CAN DO Houston is seeking to expand its work in these neighborhoods and extend to new neighborhoods that have expressed a strong interest in our programs.

Capital Area Food Bank of Texas Austin, TX http://www.austinfoodbank.org	Mobile Food Pantry program	The Mobile Food Pantry provides nutritious food to individuals at risk of malnutrition and hunger due to lack of available food assistance resources in their communities. The program offers a variety of food choices, including shelf-stable, fresh produce and frozen items, to provide a strong nutritional foundation.
Caring for Children Foundation of Texas, Inc. Richardson, TX http://www.carevan.org	Dental Outreach Van	A new Dental Outreach Van for the Southeast region of Texas will be used to transport equipment to pre-schools and elementary schools to provide free onsite services to children. The overarching goal is to improve dental health among elementary-age children, helping to build a foundation for lifetime wellness.
Caring for Children Foundation of Texas, Inc. Richardson, TX http://www.carevan.org	2014 Influenza Initiative	The primary objective of this program is to provide immunization and preventive care services to underinsured or medically underserved children. Funding will be used to reach more than 19,500 children in El Paso, greater Houston, rural Texas and the Dallas/Fort Worth area.
Caring for Children Foundation of Texas, Inc. Richardson, TX http://www.carevan.org	El Paso School-Based Health & Wellness Education Initiative	The Caring for Children Foundation of Texas will provide school-based health education to medically underserved children in El Paso through the School-Based Health and Wellness Education Initiative. The goal of the initiative is to provide school-based education in nutrition, tobacco awareness and prevention, disease prevention and personal hygiene.
Carrie Tingley Hospital Foundation Albuquerque, NM www.carrietingleyhospitalfoundation.org	Zia Freewheelers Adaptive Cycling	The Zia Freewheelers Adaptive Cycling team promotes quality of life and increases self-esteem, confidence and sense of belonging for children with special needs by encouraging friendships and teamwork through shared experiences. The team promotes healthy activities for the riders and their families through exercise and family involvement.
Casa De Peregrinos Inc. Las Cruces, NM http://www.casadeperegrinos.org	Dona Ana County Rural Food Initiative	The Dona Ana County Rural Food Initiative provides monthly distributions of 50 pounds of nutritious food to approximately 1,000 very low-income, largely Hispanic rural colonias families of southern Dona Ana County, New Mexico.
Casa Esperanza, Inc. Albuquerque, NM http://www.casaesperanzanm.org	Family Care Support	Casa Esperanza provides a home and caring community for cancer patients and their families who must travel to an Albuquerque treatment facility for their care. There is a direct connection between a good quality of life and treatment outcomes, so Casa Esperanza does all it can to address the families' needs, beyond simply lodging them.
CATCH Global Foundation Austin, TX http://www.catchusa.org	CATCH Youth Physical Activity and Nutrition Education Initiative	The Los Fresnos CATCH initiative will provide needed youth physical activity and nutrition education to 7,500 predominantly Hispanic and economically disadvantaged elementary and middle school students in 12 schools of the Los Fresnos Consolidated Independent School District. The objectives of this project are to increase physical activity and healthy eating, reduce childhood obesity and build capacity for sustaining healthy environments.
Catholic Charities Of The Archdiocese Of Chicago Chicago, IL http://www.catholiccharities.net	Healthy Made Simple	Catholic Charities' food and nutrition programs primarily serve as a means to prevent and reduce hunger and food insecurity. We seek to serve as a vehicle for nutrition education and promotion of physical activity. We provide activities to educate children at the Summer Food Service Program about the importance and fun of physical activity and healthy eating habits. By expanding these efforts, we hope to reach more children and include parents.
Central Oklahoma American Indian Health Council Inc. Oklahoma City, OK http://www.okcic.com	Project POWER	Project POWER is a fitness program designed to increase and sustain the overall health and wellness of American Indian youths and families residing in central Oklahoma. The program will accomplish this goal by hosting various events and getting Indian youths and their families active and more knowledgeable about healthy behaviors and choices.
Chicago Commons Chicago, IL http://www.chicagocommons.org	Early Childhood Education program	The grant from the Healthy Kids, Healthy Families Initiative will support health and wellness programming through four Chicago Commons Early Childhood Education centers located in underserved neighborhoods. The program helps parents to access primary and dental care, encourages healthy behaviors for parents and children, and promotes health through daily activities and nutritious meals.
Chicago Run Chicago, IL http://www.chicagorun.org	Chicago Runners	The "Chicago Runners" program is a school-based physical activity program that works with teachers and administrators to instill the daily habit of running for children of all fitness levels and physical abilities. This program will support five school sites during the 2014-15 academic year, serving approximately 1,500 students in the Chicago area.

Chicago Training Center Chicago, IL http://www.chicagotrainingcenter.org	Afterschool/Summer Rowing Program	Chicago Training Center will use this grant to support its free Rowing Programs for students in grades 6-12. Through the alternative sport of rowing, CTC provides Chicago's low-income and minority youths access to structured athletic opportunities designed to promote fitness and healthy lifestyles, foster mental and emotional well-being and cultivate positive peer support networks.
Children First Fund Chicago, IL http://www.helpcps.org	2014-CPS Active Classrooms	Chicago Public Schools (CPS) is seeking the expansion of Active Classrooms, a project that builds school capacity for the development and maintenance of increased physical activity throughout the school day via daily recess and classroom-based physical activity.
Children's Advocacy Centers of Texas Inc. Austin, TX http://www.cactx.org	Building Safe Environments by Strengthening the Parent/Child Relationship	Children's Advocacy Centers of Texas will expand its technological capacity and that of 20 CACs to enable their participation in a Parent-Child Interaction Therapy training program delivered by national experts via telehealth technology. This project will lay the foundation to expand the use of this therapy throughout the state and enable CACs in rural and mid-sized communities to provide medical and psychiatric consultations for children receiving these services.
Children's Grief Center of New Mexico, Inc. Albuquerque, NM www.childrensgrief.org	Grief support groups	Healthy Kids, Healthy Families funds are used to implement central New Mexico's only grief support program for bereaved youths. We anticipate serving 450 grieving individuals this school year. These support groups mitigate the stress and painful isolation bereaved families experience and in this way help prevent a vast range of health and mental health consequences associated with unresolved childhood bereavement.
Chisholm Trail Retired Senior Volunteer Program Inc. (RSVP) Denton, TX http://www.rsvpserves.org	Seniors for Health, Immunization, and Prevention Program (SHIPP)	SHIPP utilizes trained RSVP volunteers to deliver health and immunization education through personal visits with new moms, expectant moms, children and their families. The emphasis of this program will be on immunization, pertussis and influenza education to reduce the incidence and prevalence of preventable diseases across the lifespan.
Community Service Council and Child Care Resource Center Tulsa, OK http://www.ccrctulsa.org	Health Navigator for the Carrera Initiative at Union Public Schools (UPS)	Carrera Initiative at Union Public Schools will fund a Health Navigator who will ensure that the participants have access to high-quality and comprehensive health care. Medical and dental services are a core component of the holistic, evidence-based Carrera Adolescent Pregnancy Prevention Program currently being replicated at Union Public Schools. The program serves approximately 800 students in grades 6-9.
Concho Valley Regional Food Bank Of Texas Inc. San Angelo, TX http://www.conchovalleyfoodbank.org	Food 2 Kids	The Food 2 Kids program ensures that children do not go hungry on the weekend. The Concho Valley Regional Food Bank of Texas, Inc. serves approximately 800 children through this important program. The simple objectives are to provide the identified children with a take-home sack of food on Friday of each week for 35 weeks of the school year.
Cuidando Los Ninos Inc. Albuquerque, NM http://www.clnkids.org	CLNkids Wellness and Nutrition Program	This grant supports 1) partial funding of a teaching position, Wellness Instructor; 2) physical fitness equipment for use with infants, toddlers and preschoolers; 3) snack foods for healthy food activities; 4) one year of MOVE with KidFit program; and 5) fitness educational materials for use by classroom teachers and parents.
Cyberways And Waterways Austin, TX www.greenribbonschools.org	Million Mile Month	This grant supports the Million Mile Month, which challenges Texans to accomplish one million miles of physical activity together as one large community, in April 2015. Million Mile Month will disrupt our passive lifestyles and get us up off the couch by providing the tools, incentives and support that people need to change the "sit habit" so that we will move for a lifetime.
Dallas Chinese Community Center Richardson, TX http://www.dallasccc.org	Increase Awareness of Disease Prevention and Management for Adults and Children	Dallas Chinese Community Center intends to provide health-related seminars and events to Dallas County Asian American residents. It will build on DCCC's existing program and expand to reach more Asian Americans and youths, particularly in low-income families.
Dallas Concilio Dallas, TX http://www.theconcilio.org	Healthy Kids, Healthy Families	The Concilio's Healthy Kids, Healthy Families program is a community-based intervention aimed at reducing the risk of obesity, primarily in Hispanic communities in Dallas County. Through this innovative program, at least 1,200 parents and children will learn the importance of increased physical activity, improved nutrition and modeling positive health behaviors.
Easter Seals of Greater Houston, Inc. Bellaire, TX http://www.eastersealshouston.org	Disease Prevention and Management in Children Using Mobile Devices	The Healthy Kids, Healthy Families grant helps to fund a position charged with increasing the health and wellness content of the BridgingApps website, developing and providing in-person training for health care providers and families and creating on-demand training accessible anywhere and anytime.

El Pasoans Fighting Hunger El Paso, TX http://www.elpasoansfightinghunger.org	Enhancing Access for Children and Families to Healthy and Nutritious Food in the El Paso Region Through Mobile Pantries	The goal of this project is to address and reduce food insecurity and nutritional deficiency in our tri-county service area by securing and distributing healthy, nutritious food. The grant will be used to purchase produce and proteins, transport the food to El Pasoans Fighting Hunger and distribute it through our mobile pantry program.
Family Focus Chicago, IL http://www.family-focus.org	Healthy Hearts and Families	The goal of the Healthy Hearts and Families program is to decrease the risk of diabetes and cardiovascular disease in at-risk individuals by providing health and nutrition education and fitness opportunities directly in communities and schools where they are needed.
Family Place Inc. Dallas, TX http://www.familyplace.org	The Family Place	The Family Place's residential, nonresidential, intervention, prevention and education programs are designed to stop family violence in our community. Our programming works to prevent future incidents of family violence and provide a clear, supportive path for victims to progress from fear to safety, by helping clients meet their need for physical safety, improve their health and increase their income and self-sufficiency.
Food Bank of Abilene, Inc. Abilene, TX http://www.fbwct.org	Critical Support for the Purchase of Nutritious Food for the FBWCT's BackPacks for Kids Childhood Hunger Program	The Backpack for Kids Childhood Hunger Program provides weekly backpacks of healthy, nutritious, child-friendly foods to 1,200 chronically hungry children who return home on weekends to bare cupboards. Children receive 7-pound bags of food (about 15-16 items) every Friday and before school holidays throughout the typical 36-week school year.
Food Bank Of Eastern New Mexico Inc. Clovis, NM http://www.foodbankenm.org	Food Bank of Eastern New Mexico General Operating Support	Grant funding will support the Food Bank of Eastern New Mexico in its mission to meet emergency food needs for individuals, families and students in Curry, Roosevelt, De Baca, Quay, Guadalupe and Torrance Counties. Funds will be used to help support many of the Food Bank's various programs.
Food Bank Of The Rio Grande Valley Inc. Pharr, TX http://www.foodbankrgv.com	Food Bank RGV Moving our Mission Forward	This grant supports operations, the backbone of all our food assistance programs. Through operations, the Food Bank will distribute, store, receive and inventory nearly 20 million pounds of food on an annual basis. Nearly 95% of our budget goes to programs and operations to enable us to operate at the scale we do in order to assist 42,000 individuals per week.
Food Depot Santa Fe, NM www.thefooddepot.org	Mobile Food Pantry	The Mobile Food Pantry Program provides nutritious food to rural, isolated communities where there are high rates of hunger and poverty. The program engages the community by requiring community volunteers to organize and execute the food distribution. The Mobile Food Pantry Program serves as an opportunity to develop partnerships with health care centers to provide health care screenings, immunizations and health information to underserved communities.
Fort Peck Sioux and Assiniboine Tribes Poplar, MT http://www.fortpecktribes.org	Fort Peck Tribes School-Based Dental Clinics	The Fort Peck Tribes Health Promotion/Disease Prevention Program will use funding to purchase updated dental equipment to serve low-income, at-risk American Indian children at three School-Based Health Clinics on the Fort Peck Reservation.
Gary Comer Youth Center Chicago, IL http://www.gcychome.org	GCYC Health & Wellness Project	The Gary Comer Youth Center's Health and Wellness Project provides a holistic set of health and wellness programming with the goal of increasing healthy eating, physical activity, and health and nutrition literacy among its youth and teen members and adults in the greater Grand Crossing community.
Girls On The Run Of Central Illinois Springfield, IL http://www.gotrcentralillinois.org	Girls on the Run - 2014-15 Physical Activity and Healthy Lifestyle Program	Support from the Healthy Kids, Healthy Families initiative will ensure that our healthy lifestyle program will continue to impact the lives of more than 1,225 girls and their families in central Illinois over the next year. Funding from this initiative will allow for our further growth in new locations to serve more families, impact the lives of over 400 volunteers and promote physical activity in the communities we serve.
Global Gardens Tulsa, OK http://www.global-gardens.org	Global Gardens After-school Program	Global Gardens will continue and expand its After-school Program, which serves disadvantaged and at-risk youths. In 2015, the After-school Program will engage 150 elementary and middle-school students in gardening and garden-based activities designed to help them develop the knowledge, attitudes, motivation and skills to create long-term, healthy changes in their own lives and their communities.

Goodcity Nfp/Elijah's House Chicago, IL http://www.elijahshouse.org	Word Choice Cafe	Word Choice Cafe is a culinary arts program created to promote healthy lifestyles and healthy eating to youths ages 9-18 living in West Humboldt Park communities. Through immediate, hands-on opportunities for food preparation, our program purposefully encourages and promotes healthy lifestyle choices for at-risk youths and encourages healthy lifestyle changes within family households by providing the tools necessary to help them make healthier and better meal choices.
Greater Chicago Food Depository Chicago, IL http://www.chicagosfoodbank.org	Healthy Kids Markets	The Food Depository's Healthy Kids Markets is a school-based pantry providing fresh produce and shelf-stable food to families throughout Chicago. Healthy Kids Markets fosters a sense of community and provides an outlet for school outreach to parents not engaged in their children's education, contributing to the betterment of the family's physical and emotional health.
Harris County Hospital District Foundation Houston, TX http://www.hchdfoundation.org	Healthy Village-Healthy Families	Healthy Village Healthy Families is a project for empowering health literacy through the implementation of urban farming and health education in a medically underserved food desert neighborhood in Houston, Texas. This project is a partnership with the University of Texas School of Public Health and Missionary Village Community.
Harrison County Food Bank Marshall, TX http://NA	Healthy Kids, Healthy Families	The Healthy Kids, Healthy Families program will help to meet the needs of the families and individuals in Harrison County who are food insecure, families and individuals who are unable to consistently access adequate amounts of nutritious food necessary for a healthy lifestyle. The food bank collaborates with area churches and civic organizations to reach those in need.
Health Alliance for the Uninsured Oklahoma City, OK http://hauonline.org	Health Data Management	Health Alliance for the Uninsured (HAU) will transition from a web-based data system with limited clinical application to full Electronic Health Records (EHR) to be shared among up to 12 charitable clinics. The EHR will greatly streamline care coordination between HAU and partner clinics by eliminating fax and phone calls and allowing real-time access to diagnostic and specialty care referral status.
Healthy Schools Campaign Chicago, IL http://www.healthyschoolscampaign.org	Change for Good	Healthy Schools Campaign is seeking to transform Chicago schools and classrooms into environments that support healthy meals, nutrition education and physical activity, a key component of our Change for Good program. Through this project, we will advocate for health-promoting district policies and practices, and support the transformation of schoolyards into places that support active play and outdoor education.
Houston Food Bank Houston, TX http://www.houstonfoodbank.org	Backpack Buddy Program	The Houston Food Bank will continue to support the Backpack Buddy program. The primary goal of the Backpack Buddy program is to provide child-friendly and nutritious food to children at-risk of hunger. This school year the Food Bank hopes to distribute 360,000 backpacks at 550 sites, serving an average of 8,500 unduplicated students monthly.
Howard Area Community Center Chicago, IL http://www.howardarea.org	Seeing a Healthy Active Rogers Park (SHARP)	The SHARP Program addresses childhood health and wellness, particularly obesity and correlating diseases, (i.e., diabetes, hypertension and heart disease) in diverse, low-income populations on Chicago's far North Side, through two focus areas: Nutrition Education and Physical Fitness. The program delivers culturally competent, evidence-based services to 250 low-income children (birth-5), youths (6-18) and low-income adults each year.
Illinois Public Health Institute Chicago, IL http://www.iphionline.org and www.preventobesityil.org	Healthy Eating/Active Living (HEAL) Initiative	With the goal of reversing obesity trends in Illinois by 2018, the Healthy Eating/Active Living Initiative partners with state and local stakeholders to increase access to healthy foods and physical activity in the places people live, learn, work and play. Program initiatives focus on improving public and institutional policy, promoting and sharing evidence-based practices, and aligning strategies across Illinois.
Indian Health Care Resource Center of Tulsa Tulsa, OK http://www.ihcrc.org	Youth Wellness Camps	IHCRC Summer Wellness Camps provide extraordinary opportunities for children in elementary and middle school to learn about healthy lifestyles, leadership, team building and problem-solving. Campers also experience new challenges, learn about sports and daily physical activities and reconnect with their rich Indian heritage and culture.
Institute Of Medicine Of Chicago Elk Grove Village, IL http://iomc.org	Institute of Medicine's 100th Anniversary Campaign to address health disparities	IOMC is committed to addressing disparities in health care. By establishing funding for pilot programs that address health disparities for underserved communities in the Chicago area, IOMC is further providing support to address this important area of focus.
Justice Access Support And Solutions For Health Albuquerque, NM http://www.casadesaludnm.com	Healthy Families Initiative	Our Healthy Kids, Healthy Families grant will allow us to expand and further develop services and initiate a coordinated program focusing on family health by drawing parents into a leadership role by which they take responsibility for their health and their children's health through diabetes prevention and management, opiate addiction recovery, medical debt management and prenatal care.

<p>KaBoom! Washington, DC http://www.kaboom.org</p>	<p>2014 Playground Builds</p>	<p>KaBOOM! playgrounds help increase physical activity and spread the word about the importance of play. In 2014, we built eight KaBOOM! playgrounds and five shade structures. In addition, we provided grants for four Imagination Playgrounds, plastic block sets that children can use to create play structures, and eight Rigamajigs, large-scale building kits that encourage hands-on play.</p>
<p>Kids Meals Inc. Houston, TX http://www.kidsmealshouston.org</p>	<p>Expansion of healthy meal delivery to impoverished preschool children living in East Houston food deserts</p>	<p>Kids' Meals is expanding our East Route healthy meal delivery to preschool children living in extreme poverty in the East Houston food deserts. This will allow us to increase meal delivery from 336 per day to 500 per day by year end.</p>
<p>Las Cumbres Community Services Inc. Espanola, NM http://www.lascumbres-nm.org</p>	<p>Conjunto Therapeutic Preschool</p>	<p>Las Cumbres will use its Healthy Kids, Healthy Families grant award to support Conjunto Therapeutic Preschool, a cutting-edge program based in northern New Mexico, which combines educational and therapeutic components for at-risk children and families experiencing circumstances of poverty and/or child abuse or neglect.</p>
<p>LIFE Senior Services Tulsa, OK http://www.lifeniorservices.org</p>	<p>Healthy LIFE Program</p>	<p>Through the Healthy Kids, Healthy Families initiative, LIFE has a vision to provide "A Healthy LIFE" program for day center participants. This program provides group and individual exercise under the direction of a physical therapist, nutritional support through a registered dietician, and family and caregiver engagement through educational and family programs.</p>
<p>Mano A Mano Family Resource Center Round Lake Park, IL http://www.manoamanofamilyresourcecenter.org</p>	<p>Healthy Families Program</p>	<p>Mano a Mano seeks to support its Healthy Families Program, which provides services to vulnerable, low-income, limited English-proficient Latino community members. This program promotes access to well-coordinated care along with disease prevention and management through effective health education and comprehensive information and referral that includes case management to receive benefits and services, nutrition education and physical activity.</p>
<p>Marathon Kids, Inc. Austin, TX http://www.MarathonKids.org</p>	<p>The 2014-2015 Marathon Kids 26.2 Mile Challenge of Texas</p>	<p>The Marathon Kids 26.2 Mile Challenge program is a school-based physical activity and nutrition program that alleviates the health effects of a sedentary lifestyle and poor food access experienced by elementary school children. The grant will provide scholarships to 275,000 Texas children, program grants for over 650 Texas schools and multi-level branding in 12 service areas in Texas.</p>
<p>Martinez Street Women's Center San Antonio, TX http://www.mswomenscenter.org</p>	<p>Girl Zone</p>	<p>Girl Zone Health U increases health awareness, nutrition education and physical fitness opportunities for 400 girls and 100 family members through a yearlong, out-of-school-time program and two special community-wide events.</p>
<p>Morton Comprehensive Health Services Tulsa, OK www.mortonhealth.org</p>	<p>Morton Comprehensive Health Services (MCHS) Feliz Bebe Feliz Mama (Happy Baby, Happy Mama) Program</p>	<p>Morton Comprehensive Health Services' Feliz Bebe Feliz Mama Program is a culturally sensitive initiative that enriches access to existing women's health services in East Tulsa to promote education, information, enrollment, and health care services for a rapidly growing and largely Hispanic/Latino population that needs much-improved access to primary care, and especially preventive prenatal care.</p>
<p>Musical Theater Southwest Albuquerque, NM http://www.musicaltheatresw.com</p>	<p>Whittier Elementary School Outreach</p>	<p>Musical Theater Southwest will continue an after-school program at Whittier Elementary, an economically disadvantaged Albuquerque public school. The program will teach music, acting and dance in a comprehensive process involving participative studies in these arts in addition to stagecraft, field trips to theaters for tours and shows, and school performances.</p>
<p>National Dance Institute of New Mexico, Inc. Santa Fe, NM http://www.ndi-nm.org</p>	<p>Dancing to Health in New Mexico</p>	<p>NDI New Mexico will use this funding to provide 7,119 children statewide with dance-based enrichment classes that teach and promote physical fitness, success-oriented behaviors and attitudes, healthy nutrition, new learning skills and personal well-being.</p>
<p>National Indian Youth Leadership Development Project Inc. Albuquerque, NM http://www.niylp.org</p>	<p>Project Venture</p>	<p>Project Venture is a culturally appropriate, nationally recognized program that emphasizes a positive youth development approach for at-risk Native American youths. The program encompasses outdoor adventure and experiential challenges, service learning, and Native-based leadership, challenges youths both mentally and physically, and includes strong healthy eating and healthy lifestyle components.</p>
<p>North Texas Food Bank Dallas, TX http://www.ntfb.org/index.cfm</p>	<p>Main Program</p>	<p>The Healthy Kids, Healthy Families grant will provide nutritious food access for low-income families and their children. This specific grant will provide access to 75,000 nutritious meals to those in need.</p>

Northern Illinois Food Bank Geneva, IL http://www.solvehungertoday.org	Nutrition Education Program	Northern Illinois Food Bank will continue and expand our Nutrition Education Program, comprising four short, engaging, kid-friendly lessons on the health benefits of eating vegetables, which will be offered to our network partner sites.
Oklahoma Caring Foundation, Inc. Tulsa, OK http://www.oklahomacaringfoundation.org	Immunizations and Obesity Prevention	The Oklahoma Caring Foundation will use its funding to purchase approximately 6,000 doses of adult influenza vaccine, as well as to support five school districts in developing initiatives to reduce childhood obesity in students. Both projects will be implemented at locations already served by the Oklahoma Caring Van Program.
Oklahoma State Department of Health Oklahoma City, OK http://www.ok.gov/health/Wellness/	FITNESSGRAM for Oklahoma Public Schools	FITNESSGRAM is a comprehensive educational, reporting and promotional tool used to assess physical fitness and physical activity levels for children. It is the most widely used children's health-related physical fitness assessment in the world. FITNESSGRAM software also features powerful data management and statistical reporting tools that support data-driven decision making.
Operation Aware of Oklahoma, Inc. Tulsa, OK http://operationaware.org	Operation Aware Prevention Program	The Healthy Kids, Healthy Families grant to Operation Aware will provide general operating support to equip youths with knowledge and skills to make positive life choices through prevention education on tobacco, drugs and alcohol.
Ounce of Prevention Fund Chicago, IL http://www.ounceofprevention.org	Care Message Pilot in Home Visiting Programs	The Ounce of Prevention Fund will pilot the Care Message web-based mobile platform in Ounce home visiting programs to test its adaptability to and effectiveness in streamlining home visiting case management and improving health outcomes for low-income children and families.
Parents Reaching Out To Help Inc. Albuquerque, NM http://parentsreachingout.org	Community Family Health Activity Fun Fair	This program aims to educate and familiarize families in New Mexico on health, nutrition, disease prevention and the importance of a healthy lifestyle. This will be accomplished by developing and implementing two, one-day educational and interactive health fairs along with integrating this information into the statewide Family Leadership Conference.
Peterson Garden Project Inc. Chicago, IL http://www.petersongarden.org	Senior Senior: a multi-generational hands-on nutrition education and food security program	Peterson Garden Project will implement Senior-Senior, a multi-generational, hands-on nutrition education, food security, and community building program involving high school seniors and older adults in Chicago. The project will take place in two Peterson Garden Project Pop Up Victory Gardens and the Fearless Food Kitchen, a teaching kitchen in Chicago's Broadway Armory.
Playworks Education Energized Houston, TX http://playworks.org	Playworks Texas	This grant will help create a health-positive culture in our schools. The grant will impact more than 16,000 students in 19 low-income Houston area schools, helping them to be safer and more engaged and to get moving through play.
Playworks Education Energized Chicago, IL http://www.playworks.org/communities/illinois	Playworks Illinois	This grant will help create a health-positive culture in our schools. The grant will impact over 14,250 students in 19 low-income CPS schools, helping them to be safer and more engaged and to get moving through play.
Project Share Inc. Albuquerque, NM http://www.psabq.org	Dinner and Connect Program	Project Share's "Dinner and Connect Program" will (1) provide over 39,000 meals per year to the homeless and hungry of Albuquerque and (2) connect our guests to community programs that they may need to better their lives and become more self-sustaining, including health and mental health services.
REAL School Gardens Fort Worth, TX http://www.realschoolgardens.org	Growing Healthy, Successful Students in Outdoor Classrooms	Funding from the Healthy Kids, Healthy Families initiative will help establish five state-of-the-art learning gardens on high-poverty elementary school campuses, activate thousands of parents and community members to get involved in neighborhood schools, and provide hundreds of educators with high-quality training so that they can use learning gardens to boost children's learning and health.
Regional Food Bank of Oklahoma Oklahoma City, OK http://www.regionalfoodbank.org/	Regional Food Bank Nutrition Specific Programs	The Regional Food Bank uses funding through the Healthy Kids, Healthy Families initiative for its Nutrition Specific Programs, including Fresh Food Mobile Markets, an education program, and projects affiliated with the Northeast Regional Health and Wellness Center.

Rio Grande Community Development Corporation Albuquerque, NM http://www.rgcdc.org	EleValle Get Covered New Mexico	EleValle will increase the number of South Valley Bernalillo County and Southeast Albuquerque residents with health insurance during the second year of Medicaid expansion and ACA implementation. A culturally competent, bilingual Spanish education, outreach and insurance enrollment drive will be led by trusted community organizations and community members.
RMCHCS Foundation Gallup, NM http://www.rmch.org	Healthy Parenting, Healthy Kids	This project will integrate nutrition, physical activity, social and parenting education and counseling to help new parents give their children the best start in life by promoting healthy lifestyle choices from birth through school age. This program is geared to help prevent childhood obesity and subsequent health issues that can develop as a result of it.
Ronald McDonald House of Fort Worth Fort Worth, TX http://www.rmhw.org	Exercise Room and Family Garden	The Exercise Room will provide a comfortable and convenient area for families and children to get fit and relieve stress through physical activity. The Family Garden will provide families and children with the healthy fruits and vegetables they need to get healthy and heal faster.
Salvation Army Chicago, IL http://www.salarmychicago.org	Late Night Basketball at the Kroc Center	The Salvation Army's Late Night Basketball at the Kroc Center seeks to prevent violence and increase wellness among 160 low-income, primarily African-American men ages 17-26 in Chicago's South Side neighborhoods. The yearlong program will assist participants in strengthening social-cognitive skills to prevent violent altercations, and will provide rigorous League basketball, case management, counseling and a new social network to assist participants on their pathway to well-being.
San Antonio Food Bank San Antonio, TX http://www.safoodbank.org	Blue Cross and Blue Shield Mobile Farmer's Market	The Blue Cross and Blue Shield of Texas Mobile Farmer's Market program will support the implementation of 18 Mobile Pantry distributions at a variety of partner agency sites across seven counties. The distributions will include 233,334 pounds of nutrient-dense and fresh food, which will be provided to more than 4,500 families.
San Juan Regional Medical Center, Inc. Farmington, NM http://www.fullengagementtraining.com	Healthy FET Kids Program	This grant supports the growing Healthy FET Kids program, which addresses the comprehensive and science-based health and wellness needs of traditionally underserved low-income, rural, multi-ethnic school age students and their families in Northern New Mexico. The funding will be used to train and supply one additional board-selected school's staff and administrators, to support one school annual health fair and for continued support of previous Healthy FET Kids' schools.
Sinai Health System Chicago, IL http://www.suhichicago.org	The Lawndale Diabetes Project	Lawndale Diabetes Project, a community-based effort, improves health profiles and access to care in persons with type 2 diabetes through intensive case management provided by community health navigators. LDP also seeks to lower the risk profile for persons at risk of developing the disease. In all, this will lower costs for care, reduce diabetes-related complications, and improve quality of life for those living with and at risk for type 2 diabetes in North and South Lawndale.
South County Community Clinic Oak Ridge North, TX http://www.interfaithcommunityclinic.org	Interfaith Community Clinic - Medical and Dental Programs	Interfaith Community Clinic will contract a part-time dental hygienist for our dental program in order to increase the preventive and treatment dental services provided. Funding will also be used for direct patient services in both the medical and dental programs, and for necessary clinic supplies for examination and treatment of approximately 1,500 patients.
Southern New Mexico Diabetes Outreach Las Cruces, NM http://www.snmdo.org	Partnering w/BCBSNM Care Van® to Provide Health Screenings, Prevention and Education	The Southern New Mexico Diabetes Outreach Organization will continue to partner with the BCBSNM Care Van during the times it is providing services in our area. We will provide diabetes screeners, blood pressure checks, local health resource information and diabetes educational information.
Special Olympics New Mexico Albuquerque, NM http://www.sonm.org	SONM Project UNIFY	Special Olympics New Mexico will use funding for our Project UNIFY Program, an innovative sports-play initiative that targets students with intellectual disabilities, pairing them with their non-disabled peers to participate in sports, foster youth leadership and create inclusive school environments.
Tarrant Area Food Bank Fort Worth, TX http://www.tafb.org	Food for Kids	Food for Kids is a targeted initiative to provide nutritious food and education through an integrated suite of programs, alleviating hunger and malnutrition while improving community health. The Food Bank will utilize partnerships with schools and other nonprofits to deliver food and education to school children identified through gap analysis as being underserved.
Texas CASA, Inc. Austin, TX http://www.texascasa.org	Healthy Kids Healthy Tomorrows: CASA PMC Pilot Project	This three-year pilot project is intended to dramatically increase the number of CASA volunteers assigned to children who are in longer term foster care -- those under the permanent managing conservatorship (PMC) of the State of Texas. This work will decrease the number of adverse childhood experiences of these children, resulting in a lifelong positive impact on their long-term health and well-being.

Texas Health Institute Austin, TX http://www.texashealthinstitute.org	Southern Obesity Summit and Southern Obesity Prevention Strategy	Texas Health Institute is the producer of the 16-state Southern Obesity Summit, which we have been conducting for eight years. We are now turning this learning collaborative into a 16-state southern strategy to address childhood and adult obesity in the South. Funding will help us with evaluation and metrics to take this historic step.
Texas Medical Association Foundation Austin, TX http://www.tmaf.org	TMA's 2015 Hard Hats for Little Heads	Grant funding from Healthy Kids, Healthy Families will provide a free, properly fitted helmet, plus educational materials on healthy activities and behaviors to children across Texas. Special attention will be given to identifying low-income families and children.
The Community Pantry Gallup, NM http://www.thecommunitypantry.org	Food For Kids	The Food For Kids program provides weekend food for elementary school children in an attempt to alleviate hunger not addressed by school breakfasts or lunches. This program looks to provide ready-to-eat food to sustain a child over the weekend and thus increase the chances of school success.
The New Mexico Center for Therapeutic Riding Santa Fe, NM http://nmctr.org/	Expanded Therapeutic Horseback Riding and Healthy Youth Development Activities for Children/Youth with Disabilities and At-Risk and Homeless Youth	Funding will help NMCTR provide 120-150 special-needs children and adolescents affordable or free access to therapeutic horseback riding. These programs promote regular physical activity using individualized lessons that improve physical, behavioral and cognitive health and promote wellness, quality of life and independence. In addition, the grant will enable NMCTR to increase the availability of equine-related behavioral/preventive health services to homeless and at-risk youths.
The Women's Center Of Tarrant County Fort Worth, TX http://www.womenscentertc.org	Play it Safe! ^(TM)	Researched, developed and scripted by The Women's Center of Tarrant County over 30 years, The Play it Safe! ^(TM) child sexual abuse prevention program teaches children and adolescents in prekindergarten through twelfth grade how to recognize abuse, resist abuse, and report abuse to a trusted adult.
University Of Oklahoma Foundation Inc. Norman, OK http://www.oufoundation.org	Reducing Risk for Uninsured Diabetes	The OU School of Community Medicine's Reducing Risk for Uninsured Diabetics program will reduce the risk and increase health outcomes for low-income diabetic patients at the Bedlam and Physician Assistant Longitudinal Clinics plus the Heart Improvement Project.
UT Foundation Austin, TX http://www.cns.utexas.edu	Building a Healthy Temple: A Summer Obesity Prevention Program for Hispanic Kids and Families through Vacation Bible School	The UT Foundation will develop and implement a faith-based project entitled "Building a Healthy Temple: A Summer Obesity Prevention Program" in four to six Vacation Bible Schools for Hispanic children and their families in San Antonio, Texas. The long-term goal of the BHT Program is to promote healthy eating, active living, and healthy bodyweight among Hispanic families.
Variety Care Oklahoma City, OK http://www.varietycare.org	Geriatric Telemedicine in Rural Western Oklahoma	Funding will support the implementation and operation of a Geriatric Telemedicine program at our clinics in Fort Cobb and Grandfield. Geriatric care can be much more complex than basic family medicine, due to factors such as treating chronic illness. Care for these senior patients can be administered through video-conferencing technologies so that additional travel may be avoided.
Wichita Falls Area Food Bank Wichita Falls, TX http://wfab.org or www.emptybowlsfwf.org	Nutrition Education Services	The Wichita Falls Area Food Bank operates its Nutrition Education Services for food-insecure families in the food bank's 12-county service area. Funding is to be used to maintain and expand current nutrition education activities that work toward creating healthier kids and healthier families and reducing food insecurity.
YWCA of Metropolitan Dallas Dallas, TX http://www.ywcadallas.org	YW Nurse-Family Partnership	Healthy Kids, Healthy Families will support YW Nurse-Family Partnership, a nationally acclaimed early childhood intervention program that works with at-risk new mothers and their babies to improve pregnancy outcomes, improve child health and development and increase family stability.
